

Tree Trimming Reminder for Property Owners

To help keep our streets safe and accessible for motorists, pedestrians, school buses, emergency vehicles, and utility crews, property owners are reminded to inspect the trees along their property.

If you have tree branches that are hanging lower than **15 feet above the roadway**, please have them trimmed back to provide adequate clearance. Overgrown branches can obstruct traffic, limit visibility, and create safety hazards, especially for larger vehicles.

Regular tree maintenance helps:

- Improve visibility for drivers and pedestrians.
- Protect vehicles and equipment from damage.
- Allow emergency and service vehicles to travel safely.
- Keep our community looking neat and well maintained.

If you need assistance with tree trimming, you may contact one of the following local tree service providers:

Neal Tree Service

Phone: 308-440-1500

20685 Eagle Rd., Amherst, NE 68812

Spartan Tree Service

Phone: (308) 870-0072

535 N. 12th Ave., Broken Bow, NE 68822

Doggett Tree Service

Phone: 308-935-1754

409 Curran Ave., Berwyn, NE 68814

Thank you for doing your part to help keep our streets safe and our community beautiful.
